Nikhil Ghosh, a teaching faculty of the Department delivered a lecture before students, faculties, and staff on that topic. He made his lecture on the basis of "The Prince in 1513 written by Niccolò Machiavelli. What is Machiavelli's concept of secularism? Niccolò Machiavelli, it is said, invented secular politics by liberating it from religion and natural law. He abandoned these mainstays of morality, and so goes the argument, in order to observe political life as it actually existed, rather than as it should exist. He laid the foundation of modern political thought - Machiavelli is regarded as the founder of modern political thought- 1) He is the first exponent of power politics. 2) He is the first who put the theory of nation-states. 3) He was the first thinker who separated religion from politics and justified the secular state. The seminar organized by directional endeavor of Principal Soma Mukhopadhyay and Nikhil Ghosh has convened the seminar and the participants of the seminar was 45. The seminar ended with a vote of thanks.
