5.1.2. Yoga and Physical Exercises

Yoga is very useful for every student. Physical exercise is also very important for both mental and physical health. By mobilizing, students will be able to stay healthy and control the extra stress of studying, so yoga is very useful for every student and it is very important to introduce yoga in every school and college.

This yoga judgment is benefiting the students and our teachers and in many ways. We can be free from our various mental and physical stresses so we are trying any benefiting. Immensely and we want to keep it running in the college. We are becoming a regular student joker habit. We want to continue this habit regularly.

Not only can this improve our physical well-being but it also saves us time and money because if we get sick. We have to the hospital which wastes our time and, in many ways, we lose money but if we get into the habit of being a regular joker, we can save ourselves both financially and time.

Arrangements have been made by NSS to teach yoga to the students of Panchthupi Haripada Gouribala College. We observed International Yoga Day under NSS activities which are falling on 21st of June in every year besides our daily practicing Yoga and physical exercises.
