Brief Report on Clean & Green Initiatives

• Landscaping with trees and plants

Our college regularly organizes a tree plantation programme. We are developing a green belt within the campus and this is one of the priority areas. This college uses a small piece of land for cultivating vegetables as well. In addition, this college has also developed a small firming land of medicinal plants and has given a shape to a garden that yields beautiful flowers. Apart from this, a green piece of land is maintained, where the students are able to relax during their hours of leisure.

• Pedestrian Friendly Pathways

This college is travelled by a series of clean and paved pathways. In fact, the maximum corridor of this college deserves to be used as a pedestrian-friendly pathway.

• Plastic-free zone

Plastics around us have proved to be a menace, therefore to make life healthier and better, we need to negate its poisonous effects on our natural environment. Keeping this in mind, we have decided to declare our college campus a 'Plastic Free Zone'. The students as well as staff members are discouraged from using plastics in any form within the college campus. Various programmes on a plastic-free college campus have been organized by the NSS department and ECO CLUB.

• Smoke-Free Zone

Smoking is strictly prohibited in and around the college campus. The college canteen is kept under strict surveillance to see that it doesn't turn into a smoking area.

Aims and objectives of the Eco-Club, which had been framed by the meeting, stated below.

- 1) Will perform within the PHGC premises & will try to extend the performance in the surrounding locality (possible & practical).
- 2) It will create and promote various programs considering the environmental factors. It may peruse to any other Gove. & non-Govt. body to take initiative regarding concerned matters.
- 3) Continuous consciousness program will run to build awareness among the students.
- 4) The Eco-Club will, with the help of motivated club members and students, try to ensure the general awareness to the nearby society.
- 5) Disciplinary knowledge development programme will run continuously, in association with the department of Environmental Studies, to generate and expand environmental responsibilities. Keeping special attention to ecofriendly life hood & moral and ethical use of natural resources - the proposed programmes will run.

* The meeting had decided to uphold a plastic free mission and directed convenor to frame a notice for creating a particular drive. The notice had formed promptly and forwarded to the office of the principal for consideration circulation.
