## An Unexpected Incidental Report on 11.03.2022

Today (11.03.2022) an unexpected incident was happened in our college. An external male student and a first semester female student of our college were sitting in room no.11 at around 12:00 pm and trying to misbehave. Based on the Complain of some students of our college, both of them were brought to the principal's chamber and interrogated. But there are various inconsistencies in the words of both of them.

After discussing with the Principal and other teachers, the parents of the two accused students were contacted by phone. After the parents came to the college, the two accused students admitted their wrongdoings and gave a written document that they would never do such unwanted behavior in future. The two students were then handed over to their parents.

It was decided that this issue will be discussed in detail later in the Grievance Redressal Cell.
