### **Program Outcomes of the College:**

Panchthupi Haripada-Gouribala College under the University of Kalyani is the only general Bachelor of Arts (BA) degree college in the Burwan Community Block, Murshidabad. The college offerings three years of B. A. degree program in several subject courses under the CBCS curriculum since 2018-2019, besides the old programs. The undergraduate program is composed of three language courses and three social science courses. The language courses are Bengali, English, and Sanskrit, and the social science courses are Political Science, Philosophy, and History. The college also offers compulsory mother language courses, English courses, and Environmental Studies. The college bids for some add-on courses like communicative English, Computer Learning, Yoga, and Physical Fitness courses that sensitize our pupils and local areas. The learning outcomes of the undergraduate program reflect disciplinary knowledge and understanding, generic skills, including global competencies that all students in different academic fields of study acquire and demonstrate.

**Against these backdrops, the program outcomes of the college are as follows:**

**Disciplinary Acquaintance:** The Undergraduate Program demonstrates comprehensive knowledge and understanding of one or more disciplines that form a part of an undergraduate program of study.

**Communicative Abilities:** The undergraduate degree program bids for communication with the local areas as well as global conglomerations resulting in our students will able to cope with the hard conditions.

**Critical Thinking and Problem Solving:** Our program highlights the critical thinking and problem-solving endeavours that reflect analytic thought to a body of knowledge.

**Research and Quest-Oriented Skills:** The program emphasizes the research and quest-building tendencies of the students that brand the synthesizing capacity of the pupils.

**Moral and Ethical Awareness:** The program endorses the two-fold instruments of humans, which are Inducement and Deterrence, resulting in the ability to embrace moral and ethical values in human life that will evolve.
