5th June 2023

A Report of Activities

Promoting Environment Conservation Practices

Submitted by: Name of the Program Coordinator/ college program coordinator

Date:

Report Submitted to Institute for Environment Conservation and Advocacy (IECA)

Share to 2023ieca@gmail.com

Context

Institute for Environment Conservation and Advocacy (IECA) is into promoting citizen and community level initiatives in environmental-friendly practices. IECA has extensively contributed to mass awareness campaigns organised during Godavari and Krishna Pushkarams on environmental-friendly practices. IECA has extensive experience in environmental education activities in academic institutions in the country.

5th June is celebrated as World Environment Day. The Honorable Prime Minister has initiated Mission LiFE to promote citizen level actions for conservation of environmental resources. Higher Education Institutions (HEIs) across the country are encouraged to utilize the occasion and promote the environment conservation practices among staff and students. In this context, IECA is promoting, documenting and recognising the efforts of Higher Education Institutions in the country. IECA partners and stands with the HEIs organising and documenting the following environment activities –

1. LiFE Pledge for an environmentally conscious lifestyle
2. Bicycle rallies on Mission LiFE activities
3. Beach/River/Canal Cleaning program
4. Special drive on Single Use Plastic
5. Special drive for removal of plastic waste in villages
6. Special cleaning drive for plastic and eWaste management in colleges
7. Special campaign on conservation of fuel during idling at traffic junctions

A Certificate of Appreciation will be provided to all participants and a separate Certificate will be issued to the partnering institution.

Overview

Theme	World Environment Day
Date(s)	From 26 th May to 5 th June 2023 ,
Time	
Mode (Online/Offline)	Offline and online
HEI	Panchthupi Haripada Gouribala College
Venue	College campus ,surrounded area and nearby Mayurakshi river bank
Team Members	
Key Personnel (Chief Guest, Guest Speakers)	Sri Bimal Kumar Sharma , WBCS (EXC) R.T.O Murshidabad
Concluding Remarks	
No. of Participants	69
Registration Link (Google Form)	
Organized in Collaboration with	Institute for Environment Conservation and Advocacy (IECA)
IECA Resource Person(s)	Name, Location, Phone, Email Prof Dr.Tuhin wadudur Rahaman, Begam Rokeya University ,Rangpur ,Bangladesh , +8801735580759 ,

Banner (if any)

Overview :

The whole observation was settled under three philosophy,

1. Sensible use and reduce wasteful use of natural resources.
2. It should be kept in mind that the world is not only for human being but they have to ensure the room for all creatures.
3. Restoration of possible natural resources.

Panchthupi Haripada Gouribala College had tried to ensure the participation from college students, faculty members, local people, police and district administration. Eminent environment expert from Begum Rokeya University of Rangpur, Bangladesh had guided a particular drive on the river Mayurakshi.

About the HEI:

It is

'Panchthupi Haripada Gouribala College'

Located at : Panchthupi Village, Burwan Block, District Murshidabad (WB)

Pin: 742161

It is the only formal higher educational point in approx and average 20 k.m radius.

The college offers the courses under Arts and Humanities.

Head of the institution :

Dr. Soma Mukhopadhyay

(Principal)

Email : panchthupi.phgc@gmail.com

Schedule of Activities

26/05/2023

- a) Official Proceedings started.**
- b) Notice Served to the teachers, other staffs and students**
- c) Filed visit by faculty members on the river Mayurakshi.**

27/05/2023

- a) Day spent on vivid planning.**
- b) Proposal Sent to river expert.**

28/05/ 2023

- a) Poster, Handbill and Festoon had been drafted.**

29/05/2023

- a) Circular realised for Essay competition.**
- b) Fund sanctioned from the office of the Principal.**

30/05/2023

- a) Communication with administration.**
- b) Received approval from Prof. Dr. Tuhin Wadudur of Begum Rokeya University of Rangpur, Bangladesh for guidance.**

31/05/2023

- a) First investigation report sent to Prof. Dr. Tuhin Wadudur.**

02/06/ 2023

- a) Awareness Poster released by Honourable RTO, Murshidabad**

03/06/2023

- a) By cycle rally.**
- b) Door to door campaigns.**

c) Cleaning river bank.

d) Poster and handbills handed over to the administration for more circulation.

04/06/2023

a) Video campaign release.

05/06/2023

a) Seminar

b) Environment Protection Oath.

c) Trees adopted by the Faculty Members.

**** River Mayurakshi restoration programmes are ongoing.**

Report of Activities

The Panchthupi Haripada Gouribala College claims success in the World Environment day Observation 2023 programme. The highlights are as follows.

- 1. Video message on plastic waste management by Honourable Principal Madam has more than 2k. direct views and technically appreciated by the people various fields.**
- 2. Poster, designed for road transport pollution, is very much appreciated by District & Local administration. Not only the RTO Murshidabad inaugurated it but also he personally initiated to circulate. Local police also initiated to circulate it as well. It is going to set a model.**
- 3. By cycle rally and door to door campaign on domestic pollution issues seems to be sustainable.**
- 4. Programmes on river Mayurakshi, specially the restoration plan with the help of eminent river expert will stand as path finder.**
- 5. Tree adoption by the Faculty Members had grown a different level of responsibility.**
- 6. The seminar and the oath had charged the students for long run.**

Feedback

If the technical guidelines from upper end be followed by some financial assistance, the implementation may ensure more. Colleges from rural areas suffer much on this issue.

Key Learning

Rivers can't be considered as a measured drawing by Land Department. We must have to ensure the natural flow of a river at any cost. Power Generation, Irrigation plans has to be more senseful.

Outcome

In this observation we have realised that no body can bring a change in a short time. We have to hammer in every possible time over the environmental issues. The eco volunteers must keep in mind that the matter can't be solved only by leagul amendments but they have to make a sense wave. To ensure that the Panchthupi Haripada Gouribala College had arranged a oath taking programme and the IQAC instructed the Eco-Club to cultivate all possible scope over this.
